## 2. What happens if you can't collect the required Fish Points in the given period?

If the required Fish Points are not met within the time limit, then you will be demoted to the previous level.

Your accumulated Fish Points will expire, and you will receive 10% cashback of the expired Fish Buffet Points amount.

## 3. What is the structure of the rewards?

To earn a chance to spin a wheel for a cash prize you need to unlock a level. Wheel spin can be initiated right away or can be opened later in 'My Bonus'. Rewards will be credited into your account after the spin lands on a cash prize.

Each respective prize is subject to changes based on your profile, and therefore, some of the factors that may impact prizes are, but not limited to, player behavior, game type, gameplay style, net deposits, and social engagements.

Unopened wheel spins will be automatically opened in 30 days and credited into your account.

You can always switch to a lower Platinum Rank to receive weekly cashback – more information on Platinum Rank can be found below.

## 4. What are platinum ranks and Fixed weekly cashback?

With Platinum ranks you receive rewards every week at a fixed rate – no more spins and time limits. Move back and forth between Fish ranks and Platinum ranks (excluding Platinum Whale, Platinum Shark and GGPlatinum).

Platinum ranks are maintained for a year and require the accumulation of a set number of Fish Points for renewal.

Every Monday, you will receive a reward for the Fish Points you have collected as a Platinum Rank for the previous week.

Select the "Collect" button within the Platinum tab for your rewards to be credited to your wallet. Uncollected rewards will continue to accumulate each week.

Rank	Bonuses	Cashback %
GGPlatinum	\$1 per 167 FP	60%
Platinum Shark	\$1 per 182 FP	55%
Platinum Whale	\$1 per 200 FP	50%
Platinum Octopus	\$1 per 285 FP	35%
Platinum Fish	\$1 per 500 FP	20%

## 5. How to promote and maintain your platinum rank?

To promote from one platinum rank to another or to maintain your platinum rank you need to collect required Fish Points (See the table below).

If you fail to collect the required points in one year, your rank will drop down to a lower Platinum Rank (e.g., Platinum Whale will drop down to Platinum Octopus).

Platinum Rank	Period	Required FPs to obtain	Required FPs to level up
GGPlatinum	1 Year	5,000,000 FP	-
Platinum Shark	1 Year	3,000,000 FP	5,000,000 FP
Platinum Whale	1 Year	1,500,000 FP	3,000,000 FP
Platinum Octopus	1 Year	750,000 FP	-
Platinum Fish	Forever	No requirement	-

## 6. How can I switch to platinum rank?

You can switch to a Platinum Rank anytime by downgrading to a lower rank:

- Octopus, Crab, Shrimps ranks can switch to Platinum Fish.

- Whales can switch to Platinum Octopus.

- To become Platinum Shark, you need to reach the maximum Fish Points for Platinum Whale rank.

- To become GGPlatinum, you need to reach the maximum Fish Points for Platinum Shark.

Your one-year Platinum Rank status starts the moment you switch to a Platinum Rank. Fish Points you currently possess will be carried over to your new Platinum Rank. You will be credited with random rewards immediately for your unused spins.

## 7. How to switch from a platinum rank back to the Fish Buffet?

If you wish to reach a higher level, you can switch from platinum rank back to Fish Buffet at any time.

- A Platinum Fish will start at Bronze Shrimp.

- A Platinum Octopus will start at Bronze Whale.

You will receive Platinum rewards for the points you have collected up to that moment. Any uncollected rewards will be credited to your wallet. Your new rank will start with 0 Fish Points.

You will not be able to switch in back to Platinum Rank for a period equivalent to the time limit of the new Bronze rank (e.g., If you switch from Platinum Fish to Bronze Shrimp, you will not be able to return to Platinum Fish for 15 days).

## 8. What are the reward wheel Probabilities?
